

## What we do?

In **Planeta Explora** we've worked hard to provide your school with a scholar trip adapted to each key-stage. An on-hands experience anchored in your daily teaching job, based on the topics you're working at school and always listening to what you want us to do here.

You CHOOSE:

- When you want to visit us
- How long your visit is going to be
- We can host until 100 pupils in a normal visit, but we can study anything you need.

From sept. to june, you can arrive from 9,00 on and stay here with us to 14:00 or later if you would like to bring your LUNCH.

THE PRICE CHANGES IN FUNCTION ON THE NUMBER OF PUPILS VISITING US, AND THE TIME YOU WANT SPEND WITH US: 10:00 TO 12:45 / 10:00 TO 14:00 / 10:00 TO 16:00.

### 3-5 years old

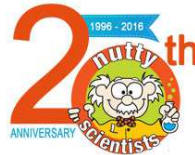

**COLORS-SHAPES-BASIC RELATION BETWEEN CHEMISTRY AND FOUR-OUR SENSES-INVESTIGATION GAMES BASES ON MOTOR SKILLS DEVELOPMENT-MY BODY- THE PLANET EARTH-OBSERVATION SKILLS.**

### 6-7 years old

**HOW TO USE OUR BODY TO EXPLORE OUR ENVIRONMENT- OUR SENSES AND THEIR FUNCTIONS-PARTS OF THE BODY-BASIC CHANGES OF THE MATTER-THE WATER CYCLE-THE LAB AND MY SCIENTIFIC KIT-I WANT TO BE A SCIENTIST**

8-9 years old

10-11 years old

THE SCIENTIFIC GAZE-THE WHOLE PROCESS-HOW THE MATTER CHANGES: REACTIONS and NOT REACTIONS- THE ATMOSPHERE-EARTH- MINERALS-VOLCANS-THE ORGANS OF OUR SENSES

12-16 years old

We have a standard visit circuit for that ages focused in the scientific method, and the "counter-intuitivity way of learning". We like to arrange with the school stuff how do we going to work and what are they actually studying at class in order to provide and extra-funny content that complete what they are doing at school.
